

Morris Black DESIGNS

A passion for design. A design for your passion.

DESIGN A KITCHEN THAT STIRS YOUR PASSIONS

Open the kitchen up to the rest of the home

A passion for design... When people walk into a room completed by Morris Black Designs, the first thing they notice isn't the custom cabinetry, the graceful fixtures or the sweeping countertops. Instead, they are captivated by the extraordinary creativity that has been the Morris Black hallmark since 1908. Each of our award-winning designers is committed to understanding your unique inspiration and bringing it to life with innovative design that perfectly blends personality with purpose.

Our design inspiration comes directly from you. We tap into your personal vision and capture your passion on paper with one-of-a-kind floorplans and 3-D perspectives.

Go Green Renewable and recycled, eco-friendly and energy-conscious – ask us about countertops, cabinetry and appliances that offer sleek designs, innovation and all of the latest amenities, while helping your family save energy, resources and the planet.

Make a statement with color

Design for the good of the earth

Color

From soft earth tones to bold primaries, cabinets, countertops and appliances are available in more exciting colors than ever before. Make a statement with your signature color or create a personal blend from a complementary palette.

Family Focused Your kitchen is also your home headquarters. An organization and communications center puts everything you need to manage all your family's day-to-day activities, plan schedules, harness technology, access recipes, sort mail, and more, at your fingertips.

Appliance Innovations

Whether it's independent refrigerator and freezer drawers, dual-temperature wine storage, induction or convection ovens, energy-saving dishwasher drawers, or appliances that "disappear," our designers have the perfect formula for your appliance needs.

"We relied on your experience and judgment. And when we did have some changes, your advice always pointed out the pros and cons of our ideas, without bias. The final decision was ours to make. The final kitchen design we are enjoying is a total 'wow.'" John and Gail, Bethlehem

Integration Today's kitchen often opens up to the rest of the home, enhancing the flow to the dining and entertaining areas and creating a comfortable, welcoming space where family and friends come together, and food and fun are perfectly integrated.

KITCHENS THAT BRING TOGETHER FAMILY, FRIENDS & FUN

A design for your passion

At Morris Black Designs, we believe that the best interior design is personal. Your home is an extension of your personality and your unique lifestyle. Our expert designers help you to unlock the hidden potential in your home and explore your vision and individual needs.

Maximize your kitchen's full potential

Small Spaces Turning small spaces into smart spaces takes experience, training and talent. At Morris Black, we have the know-how to maximize comfort, efficiency and beauty in even the smallest kitchens, and within any budget.

Your kitchen can be the centerpiece

Kitchen Luxe Take your kitchen – and your cooking and entertaining experience – to the next level with furniture-style cabinetry, multiple finishes or woods, wall ovens, dramatic moldings and more. Our designers know just how to bring every sumptuous detail of your fantasy kitchen to life.

Livability Adaptable cabinets, raised appliances that eliminate bending, multi-level workstations, and open floor space make a kitchen universally accessible to family members of all ages and ability levels – without sacrificing style or looks.

Let your passions inspire your interiors

An Island of Your Own Personalize your kitchen with an island that pops with color, gives the home pastry chef a baking center, or serves as homework central. Add much-needed storage space, make room for a sink, cooktop, or stove, or incorporate a casual dining and gathering space.

Inner Beauty When it comes to staying neat and organized, we know it's what's inside that counts – let us create specialized storage with pop-up shelves for small appliances, ultra-deep pot drawers, rollouts, vertical tray dividers, bread drawers and more.

Storage In a well-designed kitchen, storage is key. Customizing spaces for your unique needs – from oversized platters to specialty cooking items – means spending time with you to find out which, how many and what size items you have to store.

“From the time we walked into Morris Black Designs – completely confused as to what we wanted to do – until now, with our beautiful new kitchen, it was so much easier than we had ever expected it would be.”

Ronald and Mary, Coopersburg

BATHROOMS AND BEYOND

Redefine your space... Refresh your style. Reinvent your home. No matter what room you'd like to transform, our talented designers can help you bring your ideas to life, solve any storage problem, express any style and satisfy any budget. From a project as simple as a living room bookcase to work as complex as an elegant paneled library, Morris Black Designs can provide all the creativity, skill, ingenuity and materials you need to make it happen.

"Our first project went so smoothly that we decided to tackle the next right away - it went as smoothly as before, and we were delighted. Everything was of the highest quality with the minimum of disturbance to us and the rest of our home."

Bette and Nick, Bethlehem

Room to Flow

Inspired by upscale spas, open shower rooms with seating and convenient storage for toiletries have become one of the latest trends in master baths - and heated seating and flooring really make us warm up to this style!

Spa Touches

Multi-level, multi-directional showerheads; whirlpool tubs with tile, granite or furniture-style surrounds; heated towel rods or towel-warming drawers; and all-over tile - it all adds a pampering touch. What a wonderful way to start your day!

Create your own spa getaway

A space for real homework

Work Space Looking for space to set up a home office? Sometimes the best place is where you'd least expect to find it. With our creative, custom approach, nearly any under-utilized space in your home can be turned into a high-functioning, stylish home office.

A Clean Getaway A well-planned laundry, hobby, craft or sewing area makes life easier and tasks more enjoyable. See for yourself how great these hardworking rooms can look when

you work with a Morris Black designer to create a specialized room from scratch or redefine your current space.

Mirror, Mirror Whether you want a bath that lets you retreat or reinvigorate, our designers will help you build your ideal environment with custom his and her vanities, linen cabinets, storage options, vanity mirrors and decorative accents for a private retreat awash in style.

Get inspired today! Come in and tour the region's premier selection of styles, accessories and appliances at our extensive Lehigh Valley showroom.

Bring home your passion with Morris Black Designs

Morris Black designers can create your perfect design – for any style, any room, any budget:

- Libraries
- Laundry rooms
- Wine bars and hutches
- Media centers
- Closets
- Wet bars
- Fireplaces and mantles
- Bookcases and display units
- Entertainment centers
- Bedroom headboards, dressers and dressing tables
- ... and much more!

In 1908, our founder, Morris Black, started a small business when he bought a wagon and a team of horses to supply building products to local contractors. Little did he realize that his modest beginning would grow into today's multi-faceted construction services company with two locations and nearly 100 employees. And, more than a century later, the company he founded is managed by the third and fourth generations of his family!

Throughout our long and successful history, we've built our good reputation on the attention to detail that we lavish on each project we undertake and the extraordinary craftsmanship of our installation professionals. Whether we are designing a kitchen, bath, den or one of our many other custom interiors, we approach each project dedicated to the idea of creating a one-of-a-kind space that is the perfect extension of each client's personality.

Our greatest inspiration is you – your ideas, your lifestyle and your goals are what kindle our imaginations and lead us to the ideal design for your needs and budget. When you're ready to bring to life your unique vision of what your home could be, you can count on Morris Black Designs to help you find the most beautiful, functional, unique ways to create a room that reflects your passions.

Contact Morris Black today for your no-obligation design consultation. Bring home your passion!
